Welcome to Finnish Lakeland, where you can explore one of the most beautiful sceneries in the world! Do you want something different for your vacation? With a Houseboat you can have the time of your life. This holiday is all about lakes, nature and adventure. You are the captain! You decide where and when you want to go! Houseboats have a low hull, so it is easy to float close to the shore or over shallow passages. They are sturdy which provides a calm and safe motion. Houseboat accommodates 4-8 people, depending on the model. On the back deck of the boat, you can relax in an original Finnish wood-heated sauna. In Finland, no special licenses or prior experience are needed to drive Houseboats.
